

EduTech University - Course Handbook 2024

Academic Policies

Course Enrollment: Students must enroll in courses during the designated registration period. Late enrollment is permitted within the first week of classes with instructor approval.

Attendance Policy: Regular attendance is expected in all courses. Students missing more than 25% of classes may be administratively withdrawn from the course.

Assignment Submission: All assignments must be submitted by the specified deadline. Late submissions will incur a penalty of 10% per day unless prior arrangements are made.

Grade Appeals: Students who wish to appeal a grade must submit a written request within two weeks of receiving the grade. The appeal will be reviewed by an academic committee.

Academic Integrity: All work submitted must be original. Plagiarism, cheating, or any form of academic dishonesty will result in course failure and possible disciplinary action.

Course Information

Course Duration: Each course runs for 16 weeks including examination period. Intensive summer courses are available in 8-week format.

Credit System: Courses are worth 3-4 credit hours. Full-time students typically take 12-18 credit hours per semester.

Grading Scale: A (90-100%), B (80-89%), C (70-79%), D (60-69%), F (below 60%). A minimum of C is required to progress in prerequisite courses.

Course Materials: All required textbooks and materials are listed in the course syllabus. Digital resources are available through the university library.

Prerequisites: Students must successfully complete all prerequisite courses before enrolling in advanced courses. Prerequisites are strictly enforced.

Student Support Services

Academic Advising: All students are assigned an academic advisor who provides guidance on course selection, degree planning, and academic goals.

Tutoring Services: Free tutoring is available for all core courses. Students can schedule individual sessions or join study groups.

Disability Services: The university provides comprehensive support for students with disabilities including extended testing time, note-taking assistance, and accessible materials.

Career Counseling: Career counselors help students explore career options, prepare resumes, practice interview skills, and connect with potential employers.

Mental Health Resources: Professional counseling services are available to all students. Crisis intervention and ongoing therapy sessions are provided at no cost.

Technology Policies

Learning Management System: All course materials, assignments, and grades are accessible through our LMS. Students are expected to check regularly for updates.

Email Communication: University email is the official communication method. Students must check their university email daily and respond within 48 hours.

Online Learning: Some courses may be offered in hybrid or fully online format. Students need reliable internet connection and appropriate technology.

Digital Citizenship: Students must follow acceptable use policies for all university technology resources. Misuse may result in loss of privileges.

Data Privacy: The university protects student data according to FERPA regulations. Students' personal and academic information is kept confidential.
